Bimo punya layang-layang merah. Angin bertiup kencang, layang-layang terbang tinggi. Tiba-tiba talinya putus! Layang-layang tersangkut di pohon. Teman-teman Bimo datang membantu. Mereka bekerja sama sampai layang-layang turun. "Terima kasih, teman-teman!" kata Bimo.

Bimo has a red kite. The wind blows hard and the kite flies high. Suddenly the string snaps! The kite gets stuck in a tree. Bimo's friends come to help. They work together until the kite comes down. "Thank you, friends!" says Bimo.
